# *The Event*

**Golf for Good** is a fundraising initiative of the Family Outreach and Response Program (FOR). FOR supports and educates families and friends during the mental health recovery process. Last year, over 400 families used our services. Now in its 7<sup>th</sup> year, this charity golf event continues to build in popularity and is a key platform to the charity, providing essential services not covered by base funding.

## *One Spectacular Club!*

The Masters course at Lionhead Golf and Country Club was recently voted best hidden gem in the city by the Toronto Star. Sloped at 146, a more traditional design harmonizing with the natural surroundings of forest and rolling hills. A solid mixture of over 100 well placed bunkers, 9 ponds and 2 rivers make each hole distinctive and an unforgettable experience. This course designed by Architect Ted Baker requires distance off the tee with a premium on accuracy, your approach to large inviting greens are always guarded extremely well by water or bunkers. The traditions of golf have been uniquely captured in this layout and will provide a test to every level of golfer.

*We look forward to seeing you there ...*

**2011 Golf for Good** proceeds will help to fund
